

NEW ZEALAND COLLEGE OF CRITICAL CARE NURSES
WEBINAR

ICU MIRACLE

A SURVIVOR'S STORY

THURSDAY 14 AUGUST, 7PM – 8PM

DUANE ALVARES

Account Director Motive Events and ICU Survivor

Join us for an inspiring NZCCCN webinar as Duane Alvares, a 37-year-old Event Director from Auckland, shares his powerful story of survival following an 11-month ICU admission at Auckland Hospital in 2021.

Duane's journey is one of resilience, struggle, and hope. He will speak candidly about his time in ICU, the physical and emotional challenges, the small wins that mattered, and the road to recovery. Duane will also reflect on what he learned through the experience and share insights into how healthcare professionals can better support patients on their recovery journey.

This is a unique opportunity to hear a lived perspective on ICU survivorship and the lasting impact of critical care.
