

Hi, I'm Glenda.

I completed my Enrolled Nurse training in Palmerston North, graduating in 1990.

I've had a few different roles over the years, but much of my career has been in Mental Health.

I have almost completed my first term as a committee member and am standing again. I have learned so much during my 22 months, and I would love to continue to learn, advocate for our role and raise our presence in the workforce.

I'm a union delegate, H&S representative and am on the Te Whatu Ora negotiating team.

I'm based in Taranaki, am a proud mum of 4, a keen hiker and trail walker.
