

2024 IPCNC Membership Report for AGM

I joined the college committee at the end of 2023, taking over the membership coordinator role. Increasing our membership numbers has been one of the goals of the committee. This was successful with regular new membership enquires and an increase of 69 members nationally.

The larger increase in members from the central region compared to last year relates to an administration error where members had previously been placed in the wrong region.

There were no new associate (fee paying non-Nursing) members this year, but there have been many enquiries from nurses who are non-NZNO members. They are not currently eligible for IPCNC membership.

Region definitions:

Canterbury – Northern, central and southern Canterbury, Nelson to Timaru

Central – Taranaki, Wanganui, Manawatu

Greater Auckland – Auckland and Northland

Greater Wellington – Wellington, Kapiti coast, Hutt Valley and Wairarapa

Midlands – Waikato, Tauranga, Rotorua, Gisborne, Taupo and Hawkes Bay

Southern – Invercargill, Queenstown, Gore, Dunedin, Clutha, Maniototo

Current membership at 31 July 2024:

	Previous Report 2023 AGM	Current report 2024 AGM
Canterbury	222	176
Central	8	68
Greater Auckland	246	279
Greater Wellington	105	119
Midlands	156	169
Southern	107	108
Total numbers (includes associate – 25 NZ wide)	844	913

Nga mihi

Angela Corn

Membership Coordinator
