Re: Application for Ethics Approval (Our Ref. AH28223): Approved with Comment

The Committee considered the application for ethics approval for your study entitled "**Exploring knowledge and decision making of registered nurses across the process of blood transfusion and the risks to patient safety**". We are pleased to inform you that ethics approval has been granted with the following comment(s) or required minor changes:

1. Comments:

- a. The survey resembles an examination, lacking mechanisms to verify the authenticity of participants' responses. Please consider whether this may compromise the reliability of the results.
- b. PIS has indicated "access employee assistance programme", if there is discomfort. Please consider if this is appropriate and change by amendment if necessary.

The expiry date for this approval is **01/11/2027**.

Locality approval: Before starting your research, ensure that all the required locality approvals have been obtained. If one or more DHBs will be a locality, please contact their Research Office(s) to determine the locality approval requirements of the DHB(s).

Final report: In order that up-to-date records are maintained, you must notify the Committee once your project is completed and submit a final report.

Amendments to the approved project: Should you need to make any changes to the approved project, please follow the steps below:

- Send a request to the AHREC Administrators to unlock the application form (using the Correspondence tab in Ethics RM).
- Make all changes to the relevant sections of the application form and attach revised documents (as appropriate).
- Change the Application Type to "Amendment request" in Section L.
- Add a summary of the changes requested in the text box.
- Submit the amendment request (PI/Supervisors only to submit the form).

If the project changes significantly, you are required to submit a new application.

Funded projects: If you received funding for this project, please provide this approval letter to your local Faculty Research Project Coordinator (RPC) or Research Project Manager (RPM) so that the approval can be notified via a Service Request to the Research Operations Centre (ROC) for activation of the grant.

If you have any queries regarding your ethics application or wish to discuss general matters relating to ethics approvals, please contact the Ethics & Regulatory Coordinator in the first instance at ahrec@auckland.ac.nz

Additional information:

- Do not forget to fill in the 'approval wording' on the PISs, CFs and/or advertisements, using the date of this approval and the reference number, before you use the documents or send them out to your participants.

All communications with the AHREC regarding this application should indicate this reference number: **AH28223**.
